Tuition is figured for the whole school year, but for payment convenience it is divided into **10 monthly payments**, September through June. The \$500 deposit already paid in the spring/summer of 2016 will be applied to the first and tenth tuition payments (September 2016 & June 2017) and to the total balance, depending on the amount due for each individual student. **Material fees, one payment only, and the remaining balance of the first month's payment (if any) are due on the first day of school.** A \$15 late fee will be charged for payments made after the 15th of the month. Weekly swim fee is \$7 per child added to tuition fee each month in order to reserve and rent the pool each week. **THANK YOU**
